Date: August 23, 2011

Dear Family,

I am excited to announce that our school is implementing *READ 180*, an innovative reading intervention program by Scholastic. Your child has been selected to participate in the program in order to support his or her instructional needs.

This decision was made after careful consideration. We selected *READ 180* because it is research-based with proven results in raising student reading achievement. *READ 180* uses cutting-edge technology to deliver individualized reading instruction, provide valuable skills practice, and motivate students to become confident readers.

In our *READ 180* class, your child and I will work together to:

- Build essential literacy skills.
- Bring his or her reading up to grade level.
- Read at least 25 books this year.
- Show your child that he or she can attain reading success.
- Apply those new literacy skills to other subjects such as social studies, math, and science.

Your child will need to work hard and will need your encouragement. Support reading at home by visiting the library, setting aside reading time, and discussing the books your child reads. Thank you in advance for helping us achieve our goals.

Sincerely,

Mrs. Coleman
